## IMAGINE WHAT'S POSSIBLE™ – SINCE 1947

It's that extraordinary touch that creates a long-lasting kitchen backsplash, a luxurious bath, a simple office, or breathtaking grand hotel lobby. With our extensive selection of quality products, unsurpassed service and trusted attention to every detail, Daltile® provides the confidence to design, build and enjoy the spaces in which we live, work and play – inviting customers to experience the extraordinary every day.

Over the past 76 years, Daltile has been committed to one thing – providing durable tile and countertop surfaces to beautify and protect with unrivaled quality. As we continue to innovate, our commitments remain strong. Whether it's for new construction, refurbished spaces or custom options for builder programs, our philosophy has expanded to include advances in technology along with greater design choices. Fashion-forward trends alongside award-winning, traditional offerings equal a single-source partner for all your tile, porcelain, stone, countertop and manufactured surface requirements.

Daltile's extensive product breadth and dedicated team of solution experts and seasoned professionals are ready to create a complete program around your needs with over 235 sales service centers, 44 countertop slab centers and 9 BDCs to support you. We've invested in our 11 manufacturing facilities to provide you with what you need, when you need it with added peace-of-mind safety stock and Industry-leading, enhanced warranties.

AMERICAN OLEAN®

## PROVEN IN TILE – SINCE 1923

So much more than a tagline, Proven in Tile is a proud legacy over a century in the making. With our roots in innovation, American Olean® began as The Franklin Tile Company in 1923, as early employees pioneered new manufacturing processes that revolutionized the tile industry. In 1959, the American Olean brand name was born, and continued to flourish over the course of the next several years with the company becoming a leading manufacturer of floor and wall tiles.

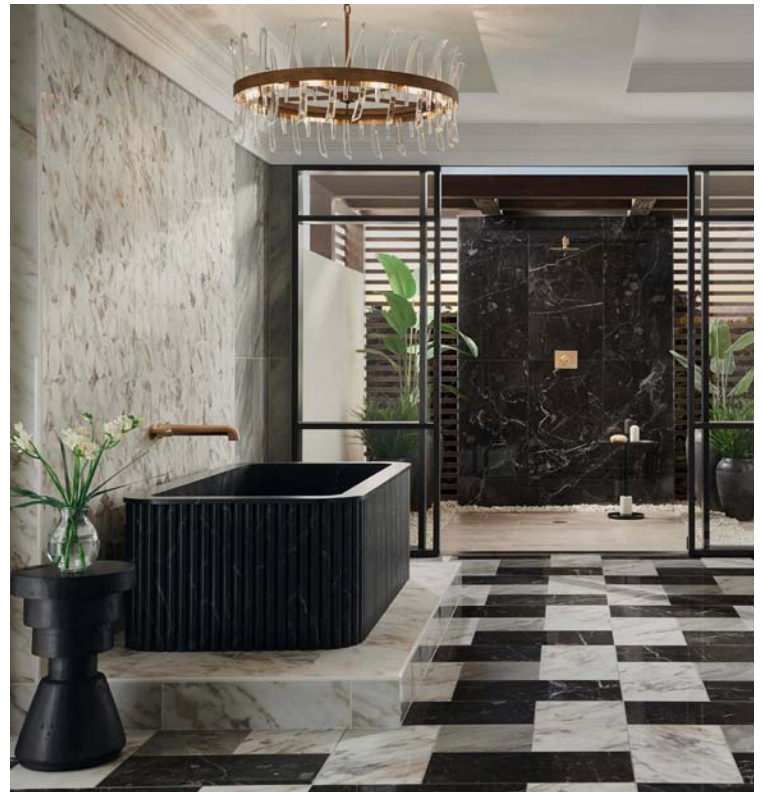

Today, American Olean continues to introduce innovative new processes and designs. One hundred years in the industry has certainly demonstrated our passion for providing quality products, however it is the unwavering support from our customers and our continued commitment to genuine service that truly makes American Olean Proven in Tile.

**MARAZZI**®

## DARE TO BE BOLD – SINCE 1935

Since building its first factory in Sassuolo, Italy in 1935, Marazzi® has established itself as an innovative brand focused on design and creativity. With a bold vision for the future, Marazzi built the first Italian-owned ceramic manufacturing plant in the U.S. in 1982, assuring domestic access to world-renowned technology and style.

Marazzi is recognized worldwide for its cutting-edge ceramic coverings and for partnering with top names in the fashion, art, design, and architectural community.

A photograph of an outdoor living space. On the left, there is a dense, green hedge. In the center, a tall, leafy plant in a white, textured pot stands next to a smaller green bush. The background features a wall with horizontal wooden slats and a wall with a hexagonal mosaic pattern of light-colored stones. The floor is made of large, rectangular paver tiles in shades of grey and tan. The text 'OUTDOOR LIVING' is overlaid on the left side of the image.

# WHY TILE

## SETS THE STANDARD

BY CHOOSING **TILE**, YOU ARE CHOOSING THE CLEAN SOLUTION WITH **NO VOCs, PVCs, FORMALDEHYDE OR ALLERGENS.**

- 
**SLIP-RESISTANT**  
 Tile rated at a 0.42 DCOF or greater when wet will help keep your feet firmly planted on the ground.
- 
**SCRATCH-RESISTANT**  
 Naturally scratch-resistant, tile continues to look good even after years of heavy traffic.
- 
**WATERPROOF**  
 Spills and puddles are no match for porcelain tile; even if they sit for awhile your floors are impervious to liquid.<sup>1</sup>
- 
**FIRE-RESISTANT**  
 Noncombustible, tile will not burn, melt or give off toxic fumes when it is exposed to fire.
- 
**STAINPROOF**  
 Because of its low porosity, porcelain does not stain. Even coffee, wine and the muddiest messes cannot touch it.<sup>2</sup>
- 
**INDOOR/OUTDOOR**  
 Take your inside out with tile designed for seamless transitions from interior floors and walls directly to your outdoor space with ultimate performance and durability.<sup>4</sup>
- 
**DENTPROOF**  
 With innate durability and exceptional strength, dents and dings are no longer a worry.<sup>3</sup>
- 
**CLIMATEPRO™**  
 Tile that won't freeze, fade or crack due to cold weather. Perfect for indoor or vertical applications for outdoor spaces.
- 
**SIMPLICLEAN™**  
 All tile is easy to clean with a broom, vacuum or wet mop.<sup>5</sup>

### ADDITIONAL ADDED BENEFITS\*

**50% MORE**  
**SLIP RESISTANT\***  
 THAN ORDINARY TILE

**STEPWISE™**

Technology to confidently step anywhere with increased slip-resistance over standard tile.

**DEFEND™**

is our exclusive assortment of high-performance, antimicrobial floor and wall tile, eliminating up to 99.9% of surface bacteria.

◆ When compared to tile meeting ANSI standards.

\* For select series only. Please visit website to see products with Defend.

1. The term "waterproof" applies to the tile product itself and does not extend to the subfloor or adhesives; it does not apply to moisture or water coming from below/underneath the product and it does not apply to flooding or intentional damage or misuse. 2. With use of normal household products & chemicals. 3. Does not apply to chipping. 4. Applies to approved applications in freezing and/or non-freezing climates. 5. Does not require specialized cleaners.

### PROUD PARTNERS

# LARGEST SLAB SIZE ON THE MARKET

## AT 136" x 79", OUR SLABS ARE 75 SQUARE FEET.

Most import slabs from the competition range from 120" x 55" to 126" x 63" or about 45 to 55 square feet per slab.

THIS IS **HUGE** FOR MANY REASONS.

### **COST SAVINGS:**

Most kitchens require two large pieces of material for countertops, totaling around 110 square feet. Our slabs, at 75 square feet, can cover most kitchens with a single slab, saving overall cost.

### **REDUCED INSTALLATION:**

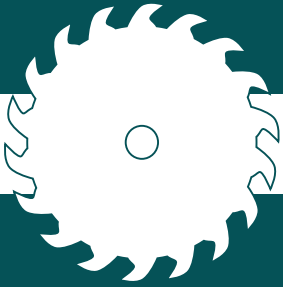

Since our slabs measure 136" x 79", there are fewer seams when installed, which cuts down on installation time and costs.

### **DESIGN FLEXIBILITY:**

Since our slabs measure 136" x 79", there are fewer seams when installed, which cuts down on installation time and costs.
